Missouri Ethics Commission Offers Evening New Candidate Webinars and PAC Webinars and Releases New Training Materials.

The Missouri Ethics Commission added key Campaign Finance webinars for new candidates and continuing committees (PACs) along with a new Campaign Finance Training Tutorial and *Fund-Raising Activity* brochure.

The webinars, one hour in length, consist of two sessions: Campaign Finance Record-Keeping and Campaign Finance Reporting. Evening sessions are offered for new candidates and their treasurers; day time sessions for the continuing committee (PAC) treasurers. Attendees must have a valid email address and internet access to attend a webinar.

The *Campaign Finance Supplemental Forms* training tutorial focuses on the supplemental forms required as part of campaign finance full disclosure reporting. The type of activity determines if a committee must report additional information through the use of one or more of these supplemental forms.

The *Fund-Raising Activity* brochure defines what a fund-raiser is and includes the requirements for filing a Statement of Fund-Raising Activity.

"The Commission continues providing many avenues for campaign finance candidates, committees, and their officers to learn about campaign finance law. We encourage everyone to take advantage of this training", said Julie Allen, Executive Director.
